1. General Information

Rainey Endowed School (“the School”) is a Non-Denominational, Co-educational Voluntary Grammar School seeking to preserve the established character and academic ethos of the School.

The Board of Governors draws up the Admissions Criteria and delegates to an Admissions Sub-Committee, which includes the Principal and Vice-Principal, the responsibility for applying these Criteria. Any reference herein to the term the Board of Governors includes any Committee or Sub-Committee appointed by the Board of Governors.

The Board of Governors reserves the right to require such supplementary evidence as it may determine to support or verify information written on or submitted with any applicant’s Online Transfer Application. Parents/Guardians should note that they will be asked to produce documents verifying information pertinent to the School’s Admissions Criteria, these should be scanned and uploaded with the Online Transfer Application. Independent evidence, when required, should be provided on headed notepaper and signed by one of the following who is not a member of the applicant’s family: the pupil’s Primary School Principal; a medical practitioner; a solicitor; a social worker, or a member of the clergy.

It is important that Parents/Guardians understand that, as stated in the Department of Education’s verification procedures, Circular 2013/24, ‘If the requested evidence is not provided to the Board of Governors by the deadline given, this will result in the withdrawal of an offer of a place. Similarly, if information is supplied which appears to be false or misleading in any material way, the offer of a place will be withdrawn’.

2. Eligibility and Priority

For a pupil to be eligible for admission to Year 8 in the School in September 2024, an application in his/her name must be submitted according to the requirements of the Transfer Procedure conducted through the appropriate Education Authority.

The agreed Admissions Number for entry to Year 8 in September 2024 at the School is 100 (subject to DE approval to change).

In selecting pupils for admission, children resident in Northern Ireland at the time of their proposed admission to the School will be selected before any child not so resident and proof of residency will be required before completion of the admissions process in September 2024.

3. Admissions Procedures

3.1 After the SEAG Assessments are completed, pupils will be **placed in a single list based on their performance in terms of a combined standardised age score in the SEAG Assessments. Those with the highest combined standardised age score will be at the top of the list, which will therefore be in rank order of merit. On the basis of the combined standardised age score, pupils will be admitted in rank order of combined standardised age score, up to the School’s Admissions Number.** Applications for admission to the School will be made through the EA Connect Portal.

Where two or more children have an identical combined standardised age score and insufficient places remain to admit both or all of them, then the following Admissions Criteria will be applied in the order set down:

- 3.2 Children who have placed Rainey Endowed School as their First Preference;
- 3.3 Children who have a sibling or other children of the family* currently enrolled at the School;
- 3.4 Children who had a child of the family* previously enrolled at the School for 2 or more years;
- 3.5 Children who are the eldest child or only child of the family*;
- 3.6 Children who are enrolled in one of the contributing Primary Schools listed at **Section 5** below.
- 3.7 If children are still tied after the application of Admissions Criteria 3.1 – 3.5 above, then priority will be determined amongst them by a method of computerised random selection. Each child to be considered at this stage will be allocated an electronically generated random number; the children will then be ranked in order of the random number, with higher numbers having preference.

****Child/Children of the family – as defined by Department of Education Circular 2016/15 (Revised 16 November 2021)***

When considering which applicants should be selected for admission, the Board of Governors will **only** take into account information which is detailed on or attached to the Online Transfer Application. It is the sole responsibility of parents/guardians to ensure that all information relevant to the Admissions Criteria of the School is included in the relevant section on the Online Transfer Application and/or is attached to the Online Transfer Application at the time of submission to the School for admission.

4. Special Provisions

Special Provision will be made by the Admissions Sub-Committee for children:
